I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Comments: I do NOT support restricting the availability of individually compounded medications! I do not want the government deciding what is best for me: that's up to me and my doctor!

The "inordinate amount" contained in the MOU would compromise the my quality of life by restricting my ability to get medication my doctor has prescribed for me - and which I need!
